**Mr Steve Johnson
Anti Bio Technologies
PO Box 600
Ashmore City 4214.**

To Whom It May Concern:

This letter is to serve as a reference for the trial that is currently taking place at the Oasis Resort, Cairns pertaining to the treatment / water quality associated with our tropical style resort pool.

The installation and trial of the ANTI BIO equipment has been ongoing for the last five (5) months and to date all results have well exceeded our expectations and set points.

Measurable set points:

1. Reduction of chemical usage by some 45% per month. (Sodium Hypochlorite)
2. More effective sanitation of water.
3. Greater control of water quality from know pathogens.
4. Reduction in backwash water.
5. Greater control of water quality (balance) using existing stantrol dosing equipment.
6. Superior water clarity.

7. Interest from local groups.

Department of Primary Industry.
Cairns City Council.
Pool chemical and maintenance suppliers.

Yours sincerely

Gordon Kelly
Chief Engineer
Oasis Resort, cairns
